

Commodity Credit Corporation, USDA

§ 1486.204

Commodity Credit Corporation or Foreign Agricultural Service to carry out a project.

SRTG—State Regional Trade Group.

STRE—sales and trade relations expenses including meals, receptions, refreshments, checkroom fees, tips, and dining decorations.

UES—Unified Export Strategy.

USDA—United States Department of Agriculture.

§ 1486.102 Is there a list of eligible emerging market countries?

The World Bank periodically redefines the income limits on upper middle-income economies. Consequently, an absolute list of “emerging market” countries has not been established. However, CCC will provide general guidance on country eligibility in each program announcement.

§ 1486.103 Are regional projects possible under the program?

Projects that focus on regions, such as the Caribbean Basin, rather than individual countries, are eligible for consideration provided such projects target qualifying emerging markets in the specified region. CCC may consider activities which target qualified emerging markets in a specific region, but are conducted in a non-emerging market because of its importance as a central location and ease of access to that region.

Subpart B—Eligibility, Applications, and Funding

§ 1486.200 What entities are eligible to participate in the program?

To participate in the EMP, U.S. private or government entities must demonstrate a role or interest in the exports of U.S. agricultural commodities or products. Government organizations consist of federal, state, and local agencies. Private entities include non-profit trade associations, universities, agricultural cooperatives, state regional trade groups, and profit-making entities and consulting businesses.

§ 1486.201 Under what conditions may research and consultant organizations, individuals, or any other for-profit entity apply to the program?

(a) Proposals from research and consulting entities will be considered for funding assistance only with evidence of substantial participation in and financial support by U.S. industry to a proposed project. Such support most credibly is provided in the form of actual monetary contributions to the cost of a project.

(b) For-profit entities shall not use program funds to conduct private business or to promote private self-interests. For-profit entities may not use program funds to supplement the costs of normal day-to-day operations or to promote their own products or services beyond specific uses approved in a given project.

§ 1486.202 Are there any ineligible entities?

Foreign organizations, whether government or private, may participate as third parties in activities carried out by U.S. entities, but are not eligible for funding assistance from the program.

§ 1486.203 Which commodities/products are eligible for consideration under the program?

All U.S. agricultural commodities/products except tobacco are eligible for consideration. Agricultural product(s) should be comprised of at least 50 percent U.S. origin content by weight, exclusive of added water, to be eligible for funding. Projects which seek support for multiple commodities are also eligible.

§ 1486.204 Are multi-year proposals eligible for funding?

Proposals for projects exceeding 1 year in duration may be considered. If approved, funding for multi-year projects is normally provided 1 year at a time, with commitments beyond the first year subject to interim evaluations intended to assess the progress of the project toward meeting its intended objectives.
